## Kirk Probasco... "Church is a Team Sport"

Kirk suggests...

*"The central point in Paul's teaching is the notion that all of Jesus' followers are united. Paul believes that there is a real physical and mental link between us. He uses the human body as an illustration of this basic thought. Your body is a combination of many individual components: hands, feet, eyes, bones, etc.. Today, we might compare it with a computer that has a monitor, keyboard, central processor, modem - all linked together by wires (or even wireless). The Holy Spirit is the connecting link in our faith-body. He (or She) harmonizes our individual gifts for the benefit of the whole community."*

*The point is, no one part can do it alone. Join Kirk as he illustrates how not only faith, but "Church is a Team Sport."*
